

# Offer Real-Time Transit Arrival Times

Real-Time Arrival Information  
for your Passengers

# BUS ETA

Offer the Convenience of Real Time Arrivals.

## Real Time Arrivals

Live ETA data is sent straight to your passengers phones. This will reduce passenger frustration, and increase appreciation!

## Complete Overview

View stops, starting points, current vehicle routes, expected total route time and more!

## Add New Routes

Easily add new routes with our interactive map! The interactive map is very easy to use, allowing you to get the job done.

## Fast & Easy Interface

We put you first! Everything is a click away, and user-friendly for a pleasing user experience.

Make Sure You Try Bus ETA Today!

## With Bus ETA:

Managers can easily set routes in MyGeotab and define which vehicles are assigned to which routes, and schedules. Bus ETA is automatically updated based on real-time conditions. Customers will see live updates on their mobile app or television at your site.
