Real Time Visibility Of Real Challenges

+ Driver Compensation

Ensure drivers are clocking-in and -out to monitor driver availability while ensuring compensation is provided accurately

+ Route Management

Manage and assign routes at ease to ensure all deliveries are completed in a time efficient and cost effective manner

+ Productivity Demands

Manage drivers, deliveries and vehicle maintenance in real-time to optimize efforts and maximize productivity to meet customer needs

+ Increasing Size and Scale

Ensure route assignment is continuously analyzed and improved upon to focus on scaling and meeting customer demand

Top Concerns We Address

Fuel Cost Management

Ensure fuel top up is monitored to reduce fuel theft while monitoring driving behaviour to reduce expensive fuel-related activities like idling, speeding or route changes

Vehicle Upkeep

Manage vehicle health remotely with total visibility of sudden mechanical concerns or upcoming maintenance to reduce sudden breakdowns that stop work

Customer Demands

Manage drivers, vehicles and routes in to optimize efforts so deliveries remain on time and customers are happy

Increasing Size and Scale

Monitor customer demand to predict possible busy seasons where additional vehicles or drivers may be required

Compensation Management

Track worker time and productivity to accurately provide compensation to employees

Food Health & Safety

Ensure food is transported safely at the right environmental conditions to meet FDA & DOT FMSCA Compliance

Complete Deliveries In A Time & Cost Efficient Manner

ZenduMaintenance

Access fault codes, schedule preventative maintenance, manage inventory and parts, set-up custom reports, and access maintenance cost accounting tools

ZenduCAM

Strengthen fleet safety and reduce risky driving behavior with innovative dash cameras that allow you to watch live playback of events, see trips and more

ZenduWork

Quickly review previous, current and future routes that drivers are assigned and adjust routes based on driver or vehicle availability to maximize productivity and meet customer demand

Geotabs & Asset Trackers

Easily locate assets remotely like a vehicle or driver's location, the temperature or quantity of items being delivered or fleet equipment

Zendu TimeCard

Allow drivers to clock-in and -out with a fob key that automatically tracks their hours of work to ensure proper compensation and work requirements are met

The screenshot displays the Zendu software interface. On the left, there's a 'WORK ORDERS' section with a filter set to 'Due Today'. It shows a list of 6 dispatched and 46 completed work orders. The 'W235 - M Seebalack Hardware Ltd' job is highlighted. On the right, the 'DETAILS' for this job are shown, including the job name, location (Rochard Rd, Trinidad and Tobago), due date (Monday, February 15, 2021), and assigned user (clivetc@giscadlimited.com). There are also buttons for 'EDIT', 'COPY', 'ATTACH FILE(S)', and 'SEND'.

We don't just provide another fleet tracking system.

We are in the business of providing you a solution. Our fleet consultants work with you to understand your business. We help you implement solutions based on everyday pain areas and industry best practices. Of course it helps having the industry's most powerful and reliable GPS vehicle tracking system, but the real difference is made in our customer service. Let us show you the GoFleet difference.

- + Implement an equipment maintenance management program with solutions that analyze engine data against best practices
- + Know the real-time location of vehicles and deliveries with trackers that show visibility of fleets and customers
- + Integrate smart dash cameras that record not only the events leading up to an incident, but HD footage of the driver to monitor for unsafe behaviour
- + Keep incidents low by using advanced collision prevention solutions that alert drivers if they are approaching another vehicle or pedestrian
- + Reduce environmental strain and keep costs low with fuel management programs that monitor fuel utilization against industry KPIs
- + Measure, monitor and report on nearly anything with IOX expandability

Learn how we're changing fleet management at gofleet.com

ZenduMaintenance

Automatically generate work orders, track your parts inventory, schedule downtime, and more

ZenduCAM

Leverage connected cameras to monitor the driving behaviour to encourage driving habits

ZenduTimeCard

Record and keep track of driver work hours with data that shows when someone clocks-in and -out

ZenduLearn

Digital training that allows for quick course deployment, tracking and personalization

ZenduForms

Create custom forms with location recording, geofencing and approval requirements built-in

ZenduWork

Access all dispatching and work order tools to increase efficiency and productivity
