

SAVES TIME | IMMEDIATE ALERTS **BUILT-IN COACHING**

Rule Triggered

Harsh Braking, Harsh Cornering, Speeding, Hard Acceleration, etc...

Video Transmission

Camera(s) transmit a 20 second video

Video Inspection

Zenduit team determines if the case is a false positive or actionable

Actionable

Dismissed

The trigger is found to be a false positive

- Eliminate manual sorting of false triggers, freeing time for fleet managers
- Complete coaching module with demerit points system, driver scorecards, and coaching acknowledgement
- Send and receive feedback directly with drivers
- ✓ 100% human reviewed never worry about missed events
- ▼ Fully integrated into the ZenduCAM portal

SUCCESS

MANAGED ALERTS FILTERING SERVICE

ZenduCAM's managed service gives fleet managers a convenient platform to apply coaching directly to drivers. Save time by receiving prioritized exceptions, eliminating the need for manual sorting.

Be alerted when a video is reviewed, apply coaching, and direct feedback all in the existing ZenduCAM platform.
