

# One integrated platform for fleet management and driver compliance

Geotab Integrated Solution for International Trucks – Factory-fitted with telematics hardware. No installation or additional hardware required.

Geotab Integrated Solution for International Trucks offers you a unique and expandable open platform for telematics. Activity reports, delivery schedules, GPS tracking, and driver behaviour help reduce fleet costs, increase productivity and efficiency. Collect and monitor high quality data from International Trucks, all with end-to-end protection on one consolidated platform, MyGeotab. With ready-to-go factory fit telematics on select International Trucks models\*, choosing Geotab couldn't be easier for your fleet management and compliance.

This solution also comprises Geotab Drive application for the ELD (Electronic Logging Device) mandate. You can streamline HOS (Hours of Service), DVIR (Driver Vehicle Inspection Reporting), IFTA Reporting (State miles) and driver identification. Drivers can record the HOS status and complete vehicle inspections from their own smartphone or tablet device. Stay up-to-date on fleet compliance with real-time access to information in MyGeotab (including violation alerts, detailed reports on driver logs, remaining hours and much more).

Geotab is advancing security, connecting commercial vehicles to the internet and providing web-based analytics to help customers better manage their fleets. Geotab's open platform and Marketplace, offering hundreds of third-party solution options, allows both small and large businesses to automate operations by integrating vehicle data with other data assets. As an IoT hub, the in-vehicle device provides additional functionality through IOX Add-Ons. Processing billions of data points a day, Geotab leverages data analytics and machine learning to help customers improve productivity, optimize fleets through the reduction of fuel consumption, enhance driver safety and achieve strong compliance to regulatory changes. Geotab's products are represented and sold worldwide through authorized Geotab Resellers.

\* Most 2019 and newer LT, RH and LS models of trucks are compatible with the solution.
